EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF EMERGENCY PLANNING
WASHINGTON 25, D.C.

21 October 1962

Director,
Central Intelligence Agency,
Washington 25, D.C.

Dear Sir:

Through the kind offices of your agency, two members of your staff. Dr. [REDACTED] provided a course of instruction to our reserve personnel this past summer. This training was made available to our technically qualified officers holding billets in Technical Operations within the National Postal & Travellers Censorship teams.

25X1

Inasmuch as the responsibility for the active duty training of these officers was placed on our organization, I wish to convey our deep appreciation for the invaluable service rendered us through your cooperation.

25X1 The cooperation and quality of the instruction provided by Dr. [REDACTED] were outstanding. These gentlemen exhibited high skill, and unique knowledge in the underlying science. They are dedicated and stimulating teachers. The students were unanimous in expressing the high esteem in which they held both the instruction and the instructors. It is especially noteworthy that the more experienced officers stated that no previous training provided to them can compare with the week's instruction made available by the members of your staff.

It is sincerely to be hoped that similar arrangements can be entered into for additional training in the future.

Very truly yours,

Paul R. Andrews
